Ice Cream Sandwiches

Ingredients

- ice cream of your choice
- selection of large cookies (or make your own using the recipe below)
- ice cream toppings (e.g. sprinkles, chocolate chips or sauce)

Equipment

- ice cream scoop or spoon
- large plate

Method

1. Take the ice cream out of the freezer about 30 minutes before you need to make this recipe. This will make it easier to scoop.
2. Choose any two cookies. Then, place a scoop of ice cream on the flat side of one of the cookies.
3. Place the other cookie on top (flat side down) and press gently to make the ice cream spread to the edges.
4. Pour a thin layer of your chosen topping on a plate.
5. Now, roll the ice cream part of the sandwich through the topping.
6. Serve quickly before the ice cream melts!
