Hi Francesco,

It was good to hear from you. I'm very well, thanks. How are you? Are you still going to college?

I'm now working at an advertising company in the center of the city. I'm really enjoying it. The people I work with are very friendly. My boss is also very helpful and she has taught me a lot of new skills.

I'm still living in the same apartment as before. My roommate can be annoying sometimes – he is so messy. He also watches TV late at night, which keeps me awake. I will look for a new place to live next month. Maybe I can find an apartment closer to the office.

Best wishes,
Gianni

During the week, I wake up early every morning. I usually have coffee and some toast for breakfast. I sometimes listen to the radio as I get ready for work. I take a shower, get dressed and then drive to my office.

I'm often very busy at work, so when the office closes, I like to go for a swim to relax. There is a pool nearby. Then, I go home and have dinner with my husband. In the evening, I like to read a book or watch a little TV.

My routine on the weekend is very different. I get up late and visit friends or family. It's much more fun than going to work!

Last year I went to the Edinburgh Festival Fringe in Scotland for the first time. It is the largest arts festival in the world. I went there with my friend Maria.

We stayed in a guesthouse near the city center. It was fairly expensive as thousands of people come to Edinburgh for the festival. There are lots of different shows to go and see, but it is mostly famous for its comedy shows. Some of the shows are free and some cost around \$60.

The venues are all over the city so you should plan your day carefully. The festival goes on for 25 days in August. After the festival ends, prizes are awarded to the performers, for example best show, best joke, etc. It was a great experience and I'd love to go again.

A few years ago, I went to Shanghai in China with my two friends. We all love modern cities, so we were excited to go. Shanghai is a huge city with lots of restaurants, stores and hotels. We stayed at a hotel in Jing'an – an area of the city famous for its large temple. It wasn't too expensive and the rooms were very clean.

There are two sides of the city to visit – Puxi, which is more historical, and Pudong, which is famous for its skyscrapers. We did a lot of sightseeing and shopping in both sides of the city! For me it was a wonderful trip because it was so different from where I am from. Also the food was delicious. I would definitely recommend going.

Carlo's ★★★★★☆

I love Italian food, so I was really pleased when this restaurant opened in the city center. I went there for my birthday last month with a group of friends and family. The restaurant has huge wood-burning ovens and you can see the chefs making the pizza. There are over 30 different types of pizza to choose from. The waiter was from Naples and was very helpful. He told us which pizzas were his favorite so we ordered those!
