Mini-revision Units 3–4

- R2.1 A What do you and your family have for breakfast, Julia?
B Well, we all have very different things. I have my breakfast at seven o'clock and I don't eat very much. I have some orange juice and a piece of bread with jam. My grandparents make lots of cooked food for breakfast, but I don't have any of that.
A Oh, right. What do your grandparents have for breakfast, then?
B My grandpa has a cup of coffee, an egg, mushrooms and some beans. He and my grandma have breakfast later than me, at about nine o'clock.
A Does your grandma eat all that for breakfast too?
B No, she just has an egg and beans. She has coffee with her meal, and some water too. She always feels thirsty in the morning.
A What about your mum and dad?
B Mum leaves the house very early for work in the morning. She doesn't have any breakfast at home. There are some cafés near her office so she gets a cup of coffee at one of those. She has some biscuits with the coffee too, I think.
A And your dad?
B Dad's very healthy! He gets up early and goes running, then he comes home and has breakfast. He has fruit and toast. He doesn't have any butter or jam on the toast – just toast, brown toast.

- A Does he have tea or coffee with that?
- B No, he has a large glass of water.
- A You've got a sister, haven't you?
- B Yes, I have. She's called Beth. She only eats this for breakfast. It's cereal. She has a bowl of this with lots of milk. That's all. She doesn't drink any juice, or tea, or coffee.
- A And what about your brothers, Seth and James?
- B Seth has pancakes and water, and James likes a small breakfast – he only has one egg and coffee.

- A It's lovely to have you on the show.

 - B It's a mixed fruit smoothie.
 - A Mmm ... That sounds good. Is it a drink?
 - B No, not really. It's a snack. A delicious snack for any time of the day.
 - A Is it a healthy snack?
 - B Oh, yes! And the other great thing is – it's very easy to make. It really doesn't take much time. And you only need four ingredients.
 - A OK, so are you going to show us how to make it?
 - B I am! Right, first you need a handful of strawberries.
 - A Mmm, I love strawberries.
 - B Me too, and there's a lot of them in the shops at this time of year. Put them in a food processor and add some other pieces of fruit – bananas or peaches are perfect.
 - A So you cut the fruit into pieces and put the pieces into the food processor with the strawberries.
 - B That's right. Now add a small pot of yoghurt.
 - A You're using natural yoghurt.
 - B That's right, but you can use fruit yoghurt if you want. And finally, a spoonful of honey.
 - A Just one spoonful?
 - B Yes, that's right. Now switch the food processor on. Pour the smoothie into two glasses ... And there you are! Two glasses of mixed fruit smoothie.

It was a sunny and warm morning, so I rang Sophia and said, 'Let's meet at lunchtime and take a picnic somewhere.' We went to the forest for a walk and spent some time there. Then we found a good place in a field to stop for a bit. We had our picnic and listened to music on Sophia's MP3 player.

We were out in the fields when the storm began. First, it started to rain. Then we saw the first flash of lightning. I said, 'Let's hide under that tree,' but Sophia said, 'No, we should stay in the open.' So we sat down close together on the grass and put our hands over our heads.

The storm got closer and closer. We were very frightened. Suddenly there was a very bright light and a very loud bang as the lightning hit us.

We were very lucky. The lightning hit the Mp3 player, but Sophia didn't have the headphones in her ears; they were in her pocket. Also, the lightning hit both of us because we were close together. That meant we shared the shock between us.

We went to hospital because we had some burns, but we were both fine. The MP3 wasn't fine, though! It was ruined!

10.5

This happened last week when I was in the park. The sun was shining and I was sitting on the grass. I was painting a picture of the ducks on the pond. Some children were playing football. Suddenly, their ball hit my paint pots and the paint pots fell over. The blue paint went on my picture and the pink paint went on the grass. My hands got dirty when I was cleaning my picture so I decided to go and wash them in the pond. The ducks flew away when I was washing my hands because they were scared of me. They landed on the grass by my picture. They walked on the pink paint, then they walked on my picture. They made pink marks all over the paper. And

that wasn't all. When the ducks walked on my picture, it started to rain. By now, my picture looked terrible. I was thinking about what to do with the picture when a girl spoke to me. 'I love your picture,' she said. So what did I do? I gave it to her!

Mini-revision Units 11–13

R6.1

- ▶ Which is Mary's house?
 - A Where do you live, Mary?
 - B I live in the centre of town. It's a very old house, but my mum and dad have painted it white recently, so it looks much better. But the front door and window frames are an unattractive brown. They're going to do those next.
- A So they've done half the job!
- B That's right.
- 1 Which is Mary's street?
 - A Is it a nice street?
 - B It's just a normal town street. I've never lived anywhere else, so I can't really compare it to anything. But it's nothing special. They've planted some trees in it recently. They're just starting to grow so they'll look better when they grow a bit more, I imagine.
- 2 Which picture is William Carter?

- A Who are your neighbours?
 B Mr and Mrs Carter live on one side. William Carter's been in hospital a lot recently, but he's home again at the moment. He's not very strong so he has to use a wheelchair. The doctors have said to him, 'Don't walk for three weeks,' and he's not very happy about that. But he's going to start walking with a stick soon.
- 3 Which picture is Mrs Basset?
 B And there's the Bassets on the other side of us. They're very nice. Mrs Basset's going to have a baby soon, so we're all quite excited about that.
 A That's nice.

 B Oh, right.
 A David's a year younger than Suzy. He'll graduate next year. He's studying Geography.
 B Why's he wearing sunglasses? The sun isn't shining.
 A No. He's got a problem with his eyes. He's going to have an operation on them next week. The doctors say he'll be fine after that. And he won't need the sunglasses any more.
 B Oh, that's good.
 A Look, that's Jane. She's my aunt. She and her husband Jim have just had a baby, so that's my little cousin Billy.
 B Is he cute?
 A I guess so. He doesn't do much. He just cries and sleeps.
 B Well, that's normal for a baby. He'll get more interesting!
 A Yeah. Look, that's my Uncle Oscar. Look at his beard!
 B Wow! He's an actor, isn't he?
 A Yeah, that's right. He appears in films. He does some theatre work too. Oscar Chivers, he's called. He doesn't usually have a beard like that, but he's playing the part of a wizard at the moment so he's grown it really long.

Mini-revision Units 16–17

- R9.1** **A** Can everyone listen, please? So, on Thursday morning we're going off for our mountain hike. I'm just going to go through some information with you. First of all, the meeting time. You should arrive at school at eight forty-five on Thursday morning. The coach will leave the school at nine o'clock. We mustn't leave later than nine o'clock, so you must get to school at eight forty-five, OK, not nine o'clock.
- Now, we're not going high up in the mountains, so we don't have to take any specialist equipment with us. But you must wear and bring the right things with you, so listen carefully, please.
- B** Excuse me! Should we write notes?
- A** Yes, that's a good idea. First, your clothes. You should wear light, comfortable clothes. Things you can move around easily in. You shouldn't wear tight things, because you won't be comfortable when you're walking or climbing over rocks.
- C** What about shoes? Do we have to wear special walking boots?
- A** Walking boots are ideal, it's true, but you don't have to have them. You can wear trainers – but they must be strong. Now, you also need to bring a good-sized backpack with you, with these things in it ...
- D** Excuse me! Is this backpack big enough?
- A** No, you should have something a bit bigger than that, because you need to bring quite a few things. You have to carry your lunch, your drink, a jumper and a waterproof jacket.
- E** Why do we have to take a jumper? It's summer!
- A** Well, you never know. It can suddenly get cold in the mountains, so you should be prepared for that. Finally, food and drink. Please bring sandwiches and fruit for lunch. You should also bring some chocolate. Fruit and nut chocolate is great for energy levels. And don't forget to bring plenty of water. You don't have to bring any special energy drinks – water is all you need. That's all. Any questions?
- B** Yes. Do we have to ...?

Revision 4

- R10.1** **A** Could everyone listen, please? Tomorrow it's our trip to Bayham Castle and I'd like to go through some information with you. Our coach leaves the school at nine, so we should get to the castle at about half past ten. In the morning, you can go round the castle on your own and explore everywhere. It's quite safe, and there are lots of interesting things for you to find.
- You can also explore the castle park on your own. Some of the paths in the park are quite confusing, and you can get a bit lost. So you should get a map from reception before you go into the park, OK?
- B** Should we tell a teacher if we go into the park?
- A** No, no, you don't have to do that. So – you can explore the castle and the park on your own. However, there's one thing that I must make really clear to you: you mustn't go into Bayham Forest on your own. We might all go there in a group for a short walk in the afternoon, but you mustn't go into the forest on your own. Do you understand?
- B, C, D, E** Yes, sir.
- C** Sir, do we have to wear school uniform on the trip?
- A** Yes, of course. It's not a day's holiday. You're going to represent the school, so you have to wear your uniform. And you must behave properly too, in the way that you do at school.
- C** Do we even have to wear school shoes?
- A** Yes, you do.
- D** Shall I bring my camera?
- A** Yes, if you want. Nobody has to bring a camera, but you can, if you want to. You must look after it, of course. It's your responsibility. Now, there's one thing you all must bring and that's a pen, OK? You're going to complete a quiz about the castle as you go round it, so you will need a pen.
- E** Can we ...?
- R10.2** **A** There are a lot of things by the front door of your house, Alex. Who do they all belong to?
- B** This is my sister's. She has to wear it every day because she rides her bike to school.
- A** You don't have to wear a cycle helmet in this country, do you? By law, I mean?
- B** No, not by law. But my parents say she has to.
- A** Good idea, it makes sense.
- A** I like this painting.
- B** You mustn't touch it!
- A** Oh, sorry.
- B** That's my grandpa's. He could paint very well when he was younger. He doesn't do much now because he can't see very well. He's sold a lot of his paintings but he wants to keep this one. It's very special.
- A** I like it. So, is this your grandpa's box of paints?

- B** No, they're mine, actually. I tried painting, but I wasn't very good, so I stopped. I might try again sometime.
- A** Yes, you should! You might be as good as your grandpa one day!
- B** Hmm, I don't think so!
- A** Is that a pair of skis?
- B** Yeah, they're my mum's.
- A** So your mum can ski?
- B** Yes, she's pretty good. She goes skiing with a group of friends every year.
- A** What about your dad? Can he ski?
- B** No, he's not really a fresh-air-and-exercise kind of person. He should get more exercise really, we all keep telling him to. Look, these are his multivitamins.
- A** Oh, right. I heard on TV that people shouldn't take multivitamins. It's better to get all your vitamins from the food you eat.
- B** That might be true, but I'm happy that Dad takes them. He might get ill without them.
- A** Maybe. What's this?
- B** Ah, my little brother was looking for that yesterday!
- A** But what is it?
- B** It's a school project. They're growing bean seeds.
- A** Oh right.
- B** It should be somewhere light, really.
- A** Shall I put it somewhere else? It's a bit dark here.
- A** Yes, put it in the kitchen, near the window. It might grow. You never know.
- B** OK. Shall I water it too?
- A** No, don't worry. My brother can do that later.

OK, here are the answers to the general knowledge quiz. Sport first: the football World Cup takes place every four years. And France won the World Cup in 1998. The Ancient Olympic games started a long time ago – about 2800 years ago, in fact. The first modern international Olympics took place in 1896. The Olympic Games takes place every two years, but the Winter and Summer Olympic Games alternate: so the winter Olympics take place every four years.

An animal question next, about bears. Most bears go to sleep for the winter – or hibernate – in October, and they wake up again in April or May. That's a long sleep!

Question seven: the internet began in the last century, in about 1980.

Fireworks – people enjoy them every year at parties and festivals. Well, the Chinese invented them about 1400 years ago.

Just two more questions now. The Eiffel Tower was built in 1889, so that's before 1900. And finally, presidential elections in the United States take place once every four years, in November.

Count up your correct answers now. How many did you get?

- A No, that's the meeting room. The sports hall is the red building next to the swimming pool.

- A So, is anyone interested in tennis lessons?
 C When are they?
 A They're every morning, at ten o'clock. Write your name on the list if you're interested. The teacher is really good, and with lessons every day, everyone can have a chance. Now, do we have any musicians here?
 A Well, we're having a music session here next Sunday evening. Bring your own instruments or use the ones we have here at summer camp. We'll make some fantastic music together – or you can just come and listen if you prefer. So, that's next Sunday evening, OK? It will be in the room next to the café.
 D Excuse me. What's happening this afternoon?
 A Ah, that's a good question. That's the next thing on my list, in fact. This afternoon at 4 o'clock we're showing a film in Room 4. It's an adventure film. That's all I'm saying for now!
 E Where's Room 4? I'm not sure where that is ...
 A It's the big room near Reception. Look, Reception is over there. Can you see the sign? So go to Reception and you'll find Room 4, no problem. Now does anyone have any other questions about ...

R12.2 ▶ Where is Debbie?

- A Hello!
 B Hi Erin. Shall we go straight to the theatre or do you want to come in for a minute?
 A I'm happy to go straight to the theatre ... But what about Debbie? Isn't she coming too?
 B She is coming, but she's stuck in traffic on the main road. She phoned about twenty minutes ago. She'll meet us in front of the theatre.
 A Oh, OK.
 1 Where are the theatre tickets?
 A Where are the tickets? Have you got them? I once went to the theatre and left some tickets on the table. It was a disaster! I had to come back and get them, and I missed the first part of the show.
 B Don't worry. They're right here, in my pocket.
 A Are you sure?
 B Yes, I'm sure! Come on, let's go.
 2 Where is the theatre?
 A Anyway, where is the theatre? I've never been there and I can't think where it is.
 B It's in the city centre, but it's a bit hard to find because there's a bank right in front of it. It's a shame because it's a nice old theatre, but it's hidden away behind this ugly bank.
 3 When did Andy last go to the theatre?
 A Have you been there before?
 B No, never. Debbie goes every summer to see a show, but I haven't been to the theatre for years and years. I think the last time I went to the theatre was when I was a child – about twenty years ago!
 A Oh, wow. That is a long time ago!

 - B Oh, yes. That's Mike, isn't it? What's he doing? Why's he lying on the floor?

25.3 & 25.4 & 25.5

- A So, we need to find as many odd ones out in each group as we can, right?
- B What does "odd ones out" mean?
- A It means the ones that don't belong. And we have to think of good reasons. Look at the instructions: 'Two points for every "odd one out" you find. Five points for an "odd one out" reason that no other team thinks of.'
- B OK.
- A Shall we start then?
- B Yes. Group 1 – the zebra, the tiger and the fish all have two colours but the whale is only one colour. So the whale is the "odd one out".
- A Yes. But the fish is also the "odd one out".
- B Why?
- A Because the others are all animals.
- B But the whale is a fish!
- A No, it isn't. It lives in the water but it isn't a fish because it has to have air.
- B Oh, yes.
- A Group 2. Well the vase is the "odd one out" because it isn't for drinks, and the cup is the "odd one out" because it hasn't got flowers on it.
- B OK. Group 3. The doctor's the only woman so she's the "odd one out".
- A Yes, and the thief's the "odd one out" because the teacher, the taxi driver and the doctor all help people, but the thief doesn't help people.
- B And, the teacher is the "odd one out" because she works in the day but the others all – sometimes or always – work at night.
- A Brilliant!

Revision 8

R14.1 Let's look again at the vitamins and minerals in our diet, and think about why we need them. As you know, we all need to eat a balanced diet so we can get all the vitamins and minerals that we need. What is a balanced diet? Well, if you only eat eggs and rice or pasta, that's not balanced. But if you add fish, meat, cheese and nuts to that, it gets better. And if you also add fruit and vegetables, then you have a balanced diet.

So, which minerals and vitamins do the different kinds of food in a balanced diet give us? Let's start with vitamins. Most people know that there's lots of Vitamin C in oranges and lemons. But did you know that it's also found in tomatoes, potatoes and peppers? Vitamin C is important because it protects us from bacteria and viruses. If people don't have enough Vitamin C, they get ill.

Vitamin A is important for growth and our development. If we don't have Vitamin A in our diet we can have problems with our eyes. Where can we find it? It's in fish, carrots, eggs and leafy green vegetables – so you should eat lots of those if you want to grow well and see well with healthy eyes. If we don't have Vitamin E our muscles get weak. It's important to eat lots of nuts, green vegetables, eggs and brown bread because these all contain lots of Vitamin E.

The last vitamin we're going to look at today is Vitamin D. Vitamin D is important for strong bones and teeth. Fish and milk contain Vitamin D, but you can also get it from sunlight, so make sure you spend plenty of time in the sunshine!

Now, let's look at the minerals in ...

- A** I'm leaving in ten minutes. Have you got everything you need? There are some biscuits on the table if you want some.
- B** Thanks. Yes, I think I've got everything ... Oh, what about the TV? How does it work?
- A** Ah, yes, the TV. This is the remote control for the TV. It hasn't got any writing on it, so I'll tell you what the buttons do.
- B** OK.

- A** Let's see. The red one switches the TV on and off. Just point it at the TV and press the button – like this.
- B** OK.
- A** If you want to watch a DVD you need to press this green button. That changes the function from TV to DVD. There are a lot of DVDs on the shelf, so I'm sure there'll be something for you to watch.
- B** OK. Thank you. But I'll probably just watch TV.
- A** I'm afraid there aren't many channels to choose from because it's a very old television, but use this purple button if you need to change channel.
- B** Oh yes. Can I make the picture a bit brighter? It looked a bit dark when you put the TV on just now.
- A** I think so ... ah yes, I remember. The picture gets brighter if you press this white button. Oh, one more thing. The children sometimes wake up if they hear the television, so please can you keep the volume down? If you press the blue button it makes the sound quieter.
- B** OK.
- A** And if you press the orange button it makes the sound louder – but please don't have the TV on too loud because if the children wake up they find it hard to go back to sleep again.
- B** Of course, of course. Don't worry. I'll keep it really quiet.
- A** Thank you so much. Is that everything now?
- B** Yes, I think so.

- R15.1**
- A** Oh dear, we're late. Everyone else is here and they've already lit the barbecue.
- B** Have they started cooking yet?
- A** No, not yet. But Martin looks ready for action.
- B** Yes, he's going to do almost all the cooking. He really wants to. He loves making fires!
- A** It can't be all of the cooking since Sally is cooking the lobster.
- B** I can't see Polly. Is she here?
- A** Yeah, she's over there – look. You can't see her face because she's wearing a mask.
- B** Oh yes, she looks funny.
- A** Your friend Angie's here. She can't eat fish or seafood, can she?
- B** Really? I didn't know that about Angie.
- A** No. It makes her ill. She told me.
- B** Oh, right. What's she doing? Can you see?
- A** She's making a salad, I think.

- B I guess she'll just have that for lunch. She won't have any meat because she's a vegetarian. And there's John next to her, slicing the rolls.
- A Oh, I see. Look, there's George. He looks tired. I hope he's OK.
- B Yes. He took his last exam yesterday.
- A When will he get the results?
- B I'm not sure ...
- B Goodness me! How many plates has William got?!
- A A lot! He might drop them.
- B I don't know, he looks like a professional waiter! I think he'll be fine.
- A What's Jenny doing? She shouldn't be so near the barbecue. It might burn her.
- B No. Come on, we must go and get Jenny away from the barbecue, and then say 'hello' to everyone.

- R15.2** A Have you heard about the Taylor Gallery?
- B No. What's that?
- A It's a small new art gallery in town. It opened last month.
- B Oh, really! What kind of art?
- A Modern art.
- B When did it open?
- A Last month. I'm going there this afternoon. Do you want to come with me?
- B I'm not sure ... I don't really like looking at paintings.
- A I think you'll like this gallery. There are some sculptures and things like that to look at.
- B Yes, that might be interesting. Where is this gallery, anyway?
- A It's on the High Street, opposite the Post Office.
- B That's strange. I haven't seen it.
- A It is very small.
- B I might come with you ... but I don't want to spend a lot of money to get in. Is it expensive?
- A No, no, it's free if you've got a Student Card.
- B Oh, right.
- A You have got a Student Card, haven't you?
- B Yes, I have. I would like to come with you, but I can't come this afternoon. I'm meeting Adrian.
- A OK ... What's tomorrow? Wednesday. It's closed on Wednesdays, I think. How about Thursday? Do you want to come with me on Thursday morning?
- B Yeah, why not? I'll bring my camera. Can you take photos?
- A No, you can't take any inside the gallery.
- B Oh, OK.
- A I'm sure there'll be some postcards for sale in the gallery shop.
- B Yes, that's true. I can get some postcards.

- R15.3** A I'm reading this magazine article and it says we should all do more sports. It's making me think ... I don't get much exercise at all. I'm just not a sporty person. I guess it's because my family aren't really sporty people. How about your family, Anna? Are they sporty?
- B Well, I can't say that we're a really sporty family, but we are all quite active.
- A Do you do things together?
- B Oh no, we all like doing different things. My dad loves running, for example, but I hate it. It just seems boring, running along the road. He runs in the park in the morning before he goes to work.
- A That's impressive. Your little brother likes playing golf, doesn't he?
- B Yeah, he loves it!
- A Children don't usually play golf. It's usually a sport for older people.
- B I know what you mean, but it is getting more popular with young people. A lot of my brother's friends like it too.
- A Have you tried it?
- B I tried it once, but I couldn't hit the ball very well! I don't like ball sports, really.
- A What do you like doing, then?
- B I like roller-skating. I really, really want to learn to ice-skate, but there isn't an ice rink near here.
- A Oh well, roller-skating is the best way to practise, I guess.
- B Yes.
- A Can your sister roller-skate too?
- B Yes, but she doesn't like it much. She prefers skiing. Two years ago she was skiing down a big mountain in Italy when she fell and hurt her leg really badly. She was in hospital for a long time. When her leg got better she wanted to go skiing again! She couldn't think about anything else!
- A She should change to cross-country skiing. That's not so fast. It might be a bit safer for her.
- B No, she doesn't want to be slower or safer! She only wants to do downhill-skiing. She's like my aunt. My aunt did a lot of skiing when she was younger.
- A Does she still ski?
- B No, she stopped about five years ago. I don't know why. But she's still very active. She does a lot of cycling. She's going to buy me a mountain bike, she says.
- A That's kind of her.
- B I know.
- A Who's the oldest person in your family?
- B My grandmother. Why?
- A Does she keep fit too?
- B Yes, she goes swimming every day.
- A Every day?!
- B Yes, every day.
- A OK. I really must start doing some exercise.
- B Yes, you should.

- R15.4** ▶ Where have Isabel and her dad been?
- A That was fun, wasn't it?
- B It was brilliant. I really enjoyed it. It was good that we were sitting at the back. I loved watching all the other people buying things.

- 1 What did they buy?
- B Mum's going to love it. I must phone her and tell about it.
- A OK.

- A Yes. It's only made of glass but it looks like gold.
- B Or diamonds!

- B How long will it take to put up?
- A I'm not sure. I might need you to help me. It'll be safer with two people.
- B OK.
- 2 Where should Isabel put the box?
- B Shall I put the box on the sofa?
- A Erm ... no, could you put it behind the sofa? I think that's the best place.
- B OK.
- A Don't drop it!
- B It's OK, I'm being careful.
- 3 What will Isabel's dad use this afternoon?
- A I think we should clean it this afternoon before we put it up.
- B OK. How will we do that?
- A A cloth and some warm water will be fine. We don't need to use any special polish.
- B OK.
- 4 What's Isabel going to do before lunch?
- B Can I just open the box and have a quick look at it?
- A No, come and have some have lunch first.
- B All right. I just want to go and wash my hands.
- A Do you want to phone Mum now or later?
- B I'll do it later.
- 5 Which is Isabel's lunch?
- A What would you like for lunch? Cheese and tomato sandwiches?
