

Flipbook Instructions

1. **Extract** the folders and file from this zip folder.
2. Ensure that they all stay together in the **same folder** exactly as they are now.

3. Double click **index.html** to view the flipbook in your browser.

Not working?

If your browser shows an empty screen...

Have you forgotten to unzip/extract the files?

Have you moved one of the files or folders away from the others?

Have you changed the name of one of the folders or files?
