

# Famous Artwork in Winter

## You will need:

- Examples of famous paintings, like:
  - Mona Lisa (Leonardo da Vinci)
  - The Scream (Munch)
  - Starry Night (Van Gogh)
  - The Persistence of Memory (Dali)
  - Whistler's Mother (Whistler)
  - any artists that you have been studying
- paints or other media

## Instructions

1. Look at the famous painting and think how the same scene would look in winter. Would there be snow, frost, or icicles? If the picture includes a person, what winter clothes would they be wearing? Be as imaginative as possible.
2. Make some notes and sketches of what you might want to include.
3. Look at some real winter scenes and take note of the color palette.
4. Paint (or pastel) a practice sheet with a winter color palette.
5. Plan out your picture using pencil.
6. Paint or pastel your winter version of the picture.

## Alternative/Additional Activities

- Add sparkles or shimmer to make ice shine.
- Add in other people in the distance.
- Carry out this same task but using sculpture with artists such as Giacometti.
- Work as a class to make the Terracotta Army in winter, each doing one person.
- Do one painting over four seasons and make it a project for the entire school year

## Plan

The piece of art I chose to work on is \_\_\_\_\_ by \_\_\_\_\_.

Some colors that I will use to make this artwork reflect the winter season are \_\_\_\_\_  
\_\_\_\_\_.

I will change the season of this artwork to winter by \_\_\_\_\_  
\_\_\_\_\_.

## Reflect

My new version of this piece of art looks like it takes place during winter because
