

Wipe Away the Frost

Level 3

Create a card with frost that magically rubs off with your gloved hand to reveal the items underneath!

You will need:

- [V Picture Cards](#)
- [V Word Cards](#)
- [Glove Cut-Out](#)
- White acrylic paint
- Washing-up liquid
- Paintbrush

Instructions

1. Cut out and laminate the [V Picture Cards](#), [V Word Cards](#) and [Glove Cut-Out](#).
2. To prepare the scratch-off frost on the [V Picture Cards](#), mix 2 parts paint to 1 part washing-up liquid. Stir together until it is well-mixed.
3. Use the paintbrush to cover the pictures with the paint mixture. The first layer will look quite thin.
4. Once the first layer is dry, add another layer or two to ensure each picture is well-hidden.
5. Once dry, children can use the edge of the [Glove Cut-Out](#) to wipe away the 'frost' on the [V Picture Cards](#) and reveal the items underneath. They can then match the [V Word Cards](#) to the pictures they have just revealed.
