

This, That, These, Those **Answers**

this -
used when
something
is near

that -
used when
something
is far away

these -
used as a
plural when
near

those -
used as a
plural when
far away

Add the correct word to each sentence to describe each picture.

These are my dogs.

That is my dog.

This is my dog.

Those are my dogs.

Draw the missing item from each picture to show if they are near or far away.

Answers will vary.
