

# The School Garden

Look at the picture. Talk about what is going on in the picture.

1. What colours can you see in the picture?
2. What type of place is shown in the picture? Where do you find places like these? Does your school have one?
3. What are the children doing in the garden?
4. What tools might the children and teachers use to look after the garden? Mime how they might use some of these tools.
5. Can you name some of the flowers and plants in the garden?
6. Where might the children and teachers store things they use in the garden? Can you describe where this is in the garden using prepositions?
7. Why do you think schools decide to make and keep gardens like this one? What can children learn from looking after them?
8. What is your favourite flower or plant? What does it look like? What does it smell like?
9. When might people give flowers and plants as presents?
10. What things do plants and flowers need to grow?
11. Apart from gardens, where else might you see flowers and plants?
12. What other creatures and living things might live in a place like the one shown in the picture?
13. Can you think of some rules the teacher might have for the children to follow when they are visiting and working in the garden? Give reasons why these rules are important.
