Adult ESL
Speaking
Game

Teacher Instructions:

Print out the prompt deck and the worksheets provided. Cut out the prompt cards and put them into a deck.

Divide the class into groups of 3-4. Each team is given the worksheet and a pen. The teacher then draws one topic from the deck. Each team must write as many things that they can think of that suits that category. However, the team will only get a point for every unique item that they write down. Therefore the teacher should emphasise creativity and original thinking.

For example, if the topic is 'Animals', if two teams both write 'dog', no points are awarded for that word. If only one team writes down 'buffalo', then they receive a point.

This deck is divided into different levels. It can also be helpful to encourage students to come up with their own category ideas.

Disclaimer: This resource has been made for the purpose of teaching English language learners. We know that students can be learning English in many different places, in many different ways and at age, so we try to keep these resources as general as possible. There are many acronyms associated with English language teaching. These include (but are not limited to) ELT, TEFL, EFL, ELL, EAL and ESOL. While the term ESL may not fully represent the linguistic backgrounds of all students, it is the most widely recognised term for English language teaching globally. Therefore, we use the term 'ESL' in the names of our resources to make them easy to find but they are suitable for any student learning to speak English.
