A Weekend to Remember!

A 'Let's Read Together!' Book

The museum was full of **different** models of stars, planets and launching rockets. Aubree let us eat some astronaut food. It felt funny in our mouths!

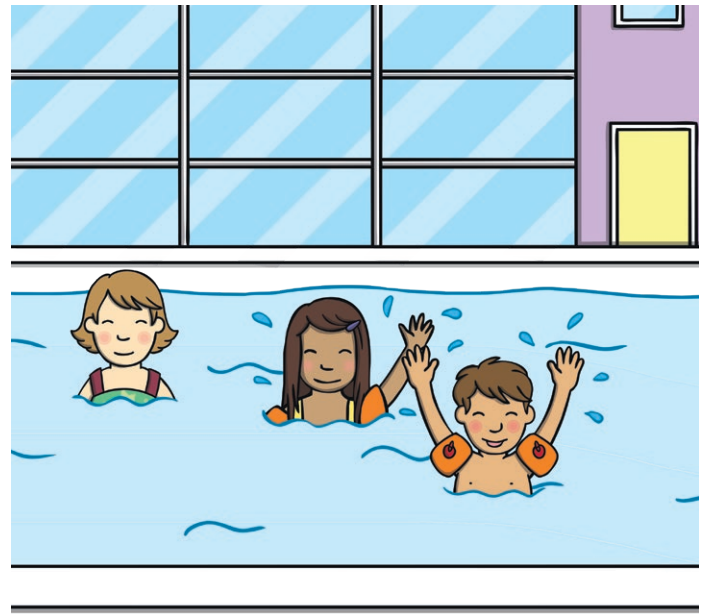

We all floated about the room. We could do tricks and go upside down! Mum felt very unwell in the chamber. Dad **also** did not feel well!

This weekend we went to a hotel. We **thought** the beds were so comfy and fluffy! We were there **because** we were visiting a museum.

Mum said we needed to make the most of the hotel, so we went for a swim and a splash. Mum went in the sauna when we were not looking!

After that, we found out that Ben had been having fun and making **friends**. Ben hurt his paw but it did not stop him digging up the lawn!

We left Ben to play at the dog play zone and saw **many** other dogs there! When we got to the museum, we looked at the amazing rockets.
