

My House | All About Me Craft

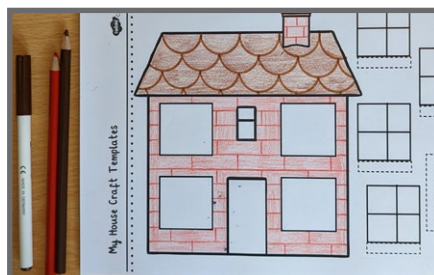

You will need:

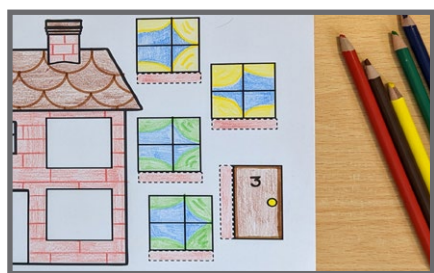

- My House template
- White card
- Felt tip pens or pencil crayons
- Black pen
- Scissors
- Glue stick

1) First, print the My House template onto white card.

2) Next, colour in the house using pencil crayons. You could add bold textures to your design using felt tips pens. We have used a brown felt tip pen to create the roof tiles and a red felt tip pen to make a brick pattern.

3) Create a design for each of the windows and front door. You could simply shade each window in blue to look like the glass or you could add curtains or blinds.

4) Inside each window, draw a picture that represents your household. You could draw the people you live with, your pets or what you might see in each room. You can use the black pen to add a bold outline to your drawings before colouring them in.

5) Using the scissors, neatly cut out each template, including the four windows and front door.

6) Spread glue onto the thin tab at the side of each window and the front door cut outs. Place the tabs onto the house template so that the windows and door line up with those on the house. Allow the glue to dry.

7) Fold back each window and door to reveal who is in each window and door frame.
