

Tourism Teaching Ideas

Use some of these ideas and resources to help teach children about tourism:

- [KS2 Tourism PowerPoint](#)
- [Advantages and Disadvantages of Tourism Activity Sheet](#)
- Children could compare the advantages and disadvantages of tourism in the UK versus tourism abroad.
- Children could complete a survey finding out where people had been on holiday and present their data in different ways.
- Research different tourism destinations around the UK, including national parks, theme parks, historic venues and museums.
- Children could plan their dream holiday. They would need to factor in transport, accommodation, entertainment and budget.
- Connected to RE lessons, children could investigate faith tourism. They could research popular locations related to different religions and the significance of each site.
- Children could research space tourism and its possibilities.
