

# Prompts to Encourage Young People To Talk

All these prompts can encourage young people to talk about who they are and what they enjoy. These prompts can be used by young people to talk about themselves and share information.

You could also use these prompts in a group in order to share new and interesting facts about one another. The use of prompts in a group encourages information sharing and trust.

Once young people have completed the given prompts, then encourage them to think of some of their own prompts using the blank templates.
